“Our Family Caring
For Your Family”

Settled on **Echo Valley Family Farm**, we are in a unique position to be able to provide fun farm-to-table experiences. Seniors can spectate or share in any of our daily ventures of collecting eggs, feeding chickens, tending the garden, gathering produce, and picking berries off the vine. Seasonal harvests are incorporated into baking activities and meals. We also know how to have a good time with music and movement, art activities and games.

Caregiving Support & Referrals

We are here to support our family caregivers by providing helpful resources and tips, emotional support as well as referrals for other services such as home-health, legal, medical and transportation. Remember you do not need to do this alone!

Programs are directed by a Licensed Nurse
With 30 years experience working with seniors
